## Tutoring Experience

Over the past 4 years, I've worked with IB, A-Level, and IGCSE students, guiding them through complex biology topics and exam preparations. My focus has been on making biology approachable, ensuring students develop a deep understanding of cellular biology, genetics, and ecology.

Additionally, I've provided support for students aiming to excel in AP Biology, helping them with both theoretical and practical aspects of the subject. My students have consistently improved their results and have gone on to pursue higher education in biological sciences.

In my tutoring career, I've worked with students of various academic backgrounds, from those needing additional support to high achievers aiming for top universities. My personalized approach ensures that every student gains the confidence to excel in their studies.
